flow earth

Proof of Purchase Certificate

Carbon Dioxide Removal & Storage

This certificate is issued by flow earth AB, of Stockholm, Sweden to

Lisa Bundance

for the removal from the atmosphere of

2 000 kg of CO_2

You have ordered the annual removal of 200 kg of CO_2 from the atmosphere for 10 years*, to be stored in soils long-term as Soil Organic Carbon, stored in soils for 1 000+ years as biochar, and converted into fossil fuel replacements to lower the primary emissions from coal and oil.

Thank you for achieving your climate goals with us.
